I accidently changed my controller language to Italian in the settings menu.
Thanks. I appreciate it!
Let me connect with Interactive Assist and set your controller back to English.
I have set your system language back to English. Before we end the call let me activate the screen mirroring function and walk you through how to change this if it happens in the future.

Reduce service calls by up to 25% or more.

EASY AS 1-2-3 FOR CONSUMERS

Step 1) Open Interactive Assist app and pair phone with chair.
Step 2) Give provider channel and pass code to begin connection process.
Step 3) Accept remote connection. You are now ready to begin.

**Metro welcomes riders with disabilities.**

Metro is adding 900 new buses with new accessibility elements to improve your transit experience.

- Wider doors and less steep boarding ramps
- Mid-bus automated message sign
- Separate “reserved” areas for mobility device securement and senior/disabled riders
- Area for riders with walkers
- Floor graphics and special seat fabrics to help identify reserved seating areas quickly
At Wells Fargo, we’re committed to providing outstanding service to our customers with disabilities. We want everyone to be financially empowered — able to access an account, pay a bill on the go, make an investment, manage a business, or learn more about a product or service. To that end, we offer accessible stores, websites, and mobile apps; talking ATMs; materials in large font, large print, and Braille; and audio recordings of printed materials. We’re also dedicated to hiring people of all abilities, and to providing accommodations so that all of our team members have the opportunity to be successful in their Wells Fargo careers. We appreciate the unique capabilities and contributions each individual brings to our organization. That is why we remain focused on diversity and creating an inclusive work environment for all team members, including those with medical restrictions or disabilities.
