

What people are saying

"This product is a Godsend! The IndeeLift allows us to provide for our daughter in our home with a better quality of life. A fantastic device! Definitely count us as extremely satisfied customers!"
– Hal from Pennsylvania

"The lift is the only way my mom can help my father get up when he falls. The lift does not tip during the lift process which is critical. It's wonderful!!!"
– Carolyn from Texas

"My wife has had Multiple Sclerosis for 22 years. The IndeeLift is more than just a tool to lift someone. It's insurance that you're going to be able to help your loved one recover from a traumatic experience, safely and securely without hurting yourself."
– Joe from Michigan

**A safe and simple solution
for those who are
prone to falling
and who live with
mobility challenges**

www.IndeeLift.com

Designed to safely and easily lift a fallen person from the floor with or without assistance.

- Raises from floor to seated height (21")
- Lifts individuals weighing up to 300 to 400 lbs. depending on the model
- Beveled seat-front for easy slide-on access.
- Small footprint for tight spaces
- Wired remote for convenient operation
- Swinging removable rise-assist handles for easy transfers to wheelchair, chair, bed or commode
- Powered by rechargeable Lithium Ion batteries
- Dual safety belts available on the "D" model

Safely manages mobility challenges related to falls and transfers.

The "People Picker Upper" is an indispensable tool that safely lifts a fallen person from the floor, eliminating the need for a 911 call while transforming a stressful fall into a non-event.

Restores dignity and independence

Which IndeeLift is right for you?

Provides all of the benefits of the HFL model with the addition of:

- Raises from floor to standing (30")
- User can stand on unit to reach high places or to more easily get on/off bed
- Dual safety belts included
